

Provo City School District
Policy Series 7000: Community

Policy No. 7040

Records Access and Management/GRAMA

Provo City School District seeks to comply with state laws and regulations regarding records access and management while protecting individual rights of privacy. As such, procedures have been developed pursuant with Utah Code for the managing of public access to District records. These procedures include the processing of submitted GRAMA requests, fees required for the duplication of requested records, appeals for request decisions, and other necessary guidelines for records access and management.

The Board directs the Superintendent to develop procedures in compliance with Utah state law and regulation for handling District records and GRAMA requests.
